# OUR PRODUCTS

## Cleaning Equipment

Auramax fzc offers a range of high-quality cleaning equipment designed to enhance cleanliness and efficiency in industries and workplaces. Our machines range from sweeping street to cleaning carpet, ensure a spotless environment while saving your time and effort.

## Air Coolers

Stay cool and comfortable all year round with our cutting-edge air coolers! Designed for efficiency, portability, and eco-friendliness, these coolers are the perfect solution for beating the heat without breaking the bank. With advanced cooling technology and easy maintenance, our air coolers ensure a refreshing breeze for your home or workspace.

## Batteries

We provide reliable and high performance batteries designed to power your devices efficiently and safely. With a range of AGM batteries that offer long-lasting energy and superior durability, you can trust Auramax to keep your essential equipment running smoothly.

## Rental Programme

Need cooling or cleaning solutions without the commitment of buying? Rent high-performance air coolers and professional cleaning machines from us! Ideal for industries, offices, or events, our rentals are affordable, reliable, and come with flexible plans to suit your needs. Enjoy comfort and cleanliness with ease.

# Cleaning Equipment

## Scrubber Dryers

Auramax offers high-quality cleaning solutions, and our range of IPC scrubber dryers, including walk-behind scrubber dryers and ride-on scrubber dryers, designed to provide efficient and reliable cleaning solutions for commercial, industrial, and large residential spaces. These machines combine powerful scrubbing and drying functions in a single operation, ensuring spotless floors with minimal effort. Equipped with advanced rotating brushes or pads, IPC scrubber dryers effectively remove dirt, grease, and grime from surfaces like tiles, concrete, marble, and vinyl.

## Walk Behind Scrubber Dryers

Model-CT15 B35

Max. theoretical productivity	1225 m2/h
Cleaning path	350 mm
Voltage	24 (2X12)-29 V-Ah
Max. speed	3.5 km/h
Dimension	950x450x1200 mm

Model-CT30 B45

Max. theoretical productivity	1575 m2/h
Cleaning path	460 mm
Voltage	24 (2X12)-74 V-Ah
Max. speed	3.5 km/h
Dimension	850x550x1220 mm

# Cleaning Equipment

## Walk Behind Scrubber Dryers

**Model-CT30 C45**

Max. theoretical productivity	1575 m2/h
Cleaning path	450 mm
Voltage	230-50/60 V-Ah
Max. speed	3.5 km/h
Dimension	850x550x1220 mm

**Model-CT40 B50**

Max. theoretical productivity	1750 m2/h
Cleaning path	500 mm
Voltage	24(2X12)-105 V-Ah
Max. speed	3.5 km/h
Dimension	1230x516x960 mm

**Model-CT40 C50**

Max. theoretical productivity	1750 m2/h
Cleaning path	500 mm
Voltage	230-50 V-Ah
Max. speed	3.5 km/h
Dimension	1230x516x960 mm

**Model-CT71 BT70**

Max. theoretical productivity	3150 m2/h
Cleaning path	700 mm
Voltage	24 V-Ah
Max. speed	4.5 km/h
Dimension	1297x753x1033 mm

# Cleaning Equipment

## Ride on Scrubber Dryers

**Model-CT81 BT70**

Max. theoretical productivity	4070 m2/h
Cleaning path	700 mm
Voltage	24(4X6)-180 V-Ah
Max. speed	6 km/h
Dimension	1310x760x1030 mm

**Model-CT110 BT85**

Max. theoretical productivity	5525 m2/h
Cleaning path	850 mm
Voltage	24(4X6)-222 V-Ah
Max. speed	6.5 km/h
Dimension	1504x909x1201 mm

**Model-CT160 BT95 / BT75 R SWEEP**

Max. theoretical productivity	5700 m2h	4500 m2h
Cleaning path	950 mm	750 mm
Voltage	36(6X6)-240 V-Ah	36(6X6)-240 V-Ah
Max. speed	6 km/h	6 km/h
Dimension	1720x1100x1360 mm	1810x1050x1360 mm

**Model-CT231 BT105 / BT 100 R SWEEP**

Max. theoretical productivity	7560 m2/h	7200 m2h
Cleaning path	1050 mm	1000 mm
Voltage	36(1X36)-320 V-Ah	36(1X36)-320 V-Ah
Max. speed	7.2 km/h	7.2 km/h
Dimension	2006x1506x1376 mm	2016x1506x1376 mm

# Cleaning Equipment

## Vacuum Cleaners

Auramax is proud to offer a premium range of vacuum cleaners, including dry vacuum cleaners and wet and dry vacuum cleaners, designed for powerful and efficient cleaning across residential, commercial, and industrial spaces. Built for reliability and ease of use, these vacuum cleaners effectively handle dust, dirt, and debris on surfaces like carpets, hardwood floors, and tiles. Available in compact models for small spaces and heavy-duty options for large areas, our vacuum cleaners feature high-capacity dust containers, advanced filtration systems, and low noise operation. The wet and dry vacuum cleaners provide added versatility, making them ideal for tackling both liquid spills and dry debris efficiently.

## Dry Vacuum Cleaner

**Model-LP 1/12 ECO B**

Power	840-900 W
Voltage	220-240 V
Tank Capacity/Material	12 L / Plastic
Air Flow	158 m3/h
Dimension	400x400x330 mm

**Model-VP 1/16 ECO B**

Power	840-900 W
Voltage	220-240 V
Tank Capacity/Material	16 L / Plastic
Air Flow	158 m3/h
Dimension	380x380x500 mm

**Model-VS 1/18 ECO B**

Power	840-900 W
Voltage	220-240 V
Tank Capacity/Material	18 L / Steel
Air Flow	158 m3/h
Dimension	380x380x500 mm

# Cleaning Equipment

## Wet & Dry Vacuum Cleaner

**Model-VS 1/33 W&D**

Power	1000-1200 W
Voltage	220-240 V
Tank Capacity/Material	33 L / Steel
Air Flow	210 m3/h
Dimension	380x380x650 mm

**Model-VS 2/62 W&D**

Power	2000 - 2400 W
Voltage	220-240 V
Tank Capacity/Material	62 L / Steel
Air Flow	420 m3/h
Dimension	550x600x960 mm

**Model-VS 3/78 W&D**

Power	2900-3300 W
Voltage	220-240 V
Tank Capacity/Material	78 L / Steel
Air Flow	756 m3/h
Dimension	550x600x980 mm

**Model-WM 375**

Power	3300 W
Voltage	230 V
Frequency	50 Hz
Air Flow	510 m3/h
Dimension	800x600x1520 mm

# Cleaning Equipment

## Pressure Washers

Auramax proudly offers a premium range of IPC pressure washers, including cold water pressure washers and hot water pressure washers, designed for efficient and reliable cleaning in residential, commercial, and industrial applications. These pressure washers are engineered to tackle tough dirt, grease, and grime on various surfaces, ensuring high-performance cleaning with minimal effort.

The cold water pressure washers are ideal for general cleaning tasks, such as washing vehicles, pathways, and out door areas etc, offering powerful cleaning at an economical price. For more demanding tasks, the hot water pressure washers use heated water to cut through grease, oil, and stubborn stains, making them perfect for industrial and commercial environments.

## Cold Water Pressure Washers

**Model-PW C40 1310P4 M**

Operating Pressure	30-130/3-13 bar/Mpa
Flow rate	600 l/h
Max. Inlet water temperature	50 Deg C
Power supply	1-230-50/14.5 Ph-V-Hz/A
Dimension	740x430x810 mm

**Model-PW C45 D1310P4 M**

Operating Pressure	30-130/3-13 bar/Mpa
Flow rate	300-600 l/h
Max. Inlet water temperature	50 Deg C
Power supply	1-230-50/14.1 Ph-V-Hz/A
Dimension	670x420x950 mm

**Model-PW C50 D2117P T**

Operating Pressure	30-210/3-21 bar/Mpa
Flow rate	1000 l/h
Max. Inlet water temperature	50 Deg C
Power supply	3-400-50/12 Ph-V-Hz/A
Dimension	770x510x880 mm

# Cleaning Equipment

## Hot Water Pressure Washers

**Model- PW H31/4 D1509P4 M**

Operating Pressure	30-150/3-15 bar/Mpa
Flow rate	300-540 l/h
Outlet water temperature	30-110 Deg C
Power supply	1-230-50/11.5 Ph-V-Hz/A
Dimension	820x630x870 mm

## Carpet Extractor

**Model-VP 1/16 EXT**

Power	1000-1200 W
Voltage	220-240 V
Tank Capacity/Material	16 L / Plastic
Air Flow	252 m3/h
Dimension	380x380x500 mm

## Eco Gum Midi Chewing Gum Remover

**Eco Gum Midi Chewing Gum Remover**

Control units on case
4 Hours battery life
Battery charger
Deck brush

## High pure-Glass cleaning system

**HPE High Pure**

Operating Pressure	8 - 10 bars
Pure Water Flow	3 - 8 l/min
Productivity	200 m2/h
Voltage	1-230-50 Ph-V-Hz
Dimension	530x500x1270 mm

# Air Coolers

## Industrial Air Coolers

Auramax offers a range of industrial air coolers, designed for efficient and cost-effective cooling in large spaces such as warehouses, factories, and workshops. These coolers feature high-capacity water tanks, durable cooling pads, and powerful fans for maximum performance. Built with energy efficiency in mind, Auramax air coolers provide an eco-friendly, economical alternative to traditional air conditioning. With adjustable fan speeds and durable construction, they are perfect for maintaining comfort in industrial settings. Choose Auramax industrial air coolers for reliable and sustainable cooling solutions.

## Portable Air Coolers

Model-AURA 12KWI

Air flow	12000 CMH
Tank capacity	60 L
Wate consumption	8-10 l/h
Input power	450 W
Dimension	600x900x1430 mm

Model-AURA 12KBI

Air flow	12000 CMH
Tank capacity	60 L
Wate consumption	8-10 l/h
Input power	450 W
Dimension	600x900x1430 mm

# Air Coolers

## Portable Air Coolers

**Model-AURA 18KWI**

Air flow	18000 CMH
Tank capacity	126 L
Water consumption	10-15 l/h
Input power	750 W
Dimension	1120x720x1750 mm

**Model-AURA 18KBI**

Air flow	18000 CMH
Tank capacity	126 L
Water consumption	10-15 l/h
Input power	750 W
Dimension	1120x720x1750 mm

**Model-AURA 22KWI**

Air flow	22000 CMH
Tank capacity	126 L
Water consumption	15-20 l/h
Input power	1100 W
Dimension	1120x720x1750 mm

**Model-AURA 22KBI**

Air flow	22000 CMH
Tank capacity	126 L
Water consumption	15-20 l/h
Input power	1100 W
Dimension	1120x720x1750 mm

# Air Coolers

## Portable Air Coolers

Model-AURA 26KWI

Air flow	26000 CMH
Tank capacity	126 L
Water consumption	18-20 l/h
Input power	1500 W
Dimension	1120x720x1750 mm

Model-AURA 26KBI

Air flow	26000 CMH
Tank capacity	126 L
Water consumption	18-20 l/h
Input power	1500 W
Dimension	1120x720x1750 mm

## Portable Air Cooler-Spare Parts

# Batteries

## Maintenance-free Batteries

Auramax offers high-performance maintenance-free batteries manufactured by Leoch, ideal for applications such as cleaning machines, golf carts, marine equipment and ariel work platforms. These batteries feature advanced lead-acid technology, offering long service life, fast recharging, and excellent deep cycle capabilities. With a leak-proof design, high vibration resistance, and low self-discharge, Leoch maintenance-free batteries ensure reliable and durable power for various equipment. Choose Auramax for an efficient, eco-friendly energy solution design to your needs.

## AGM Batteries

**Model-AMX6-224**

Voltage	6 V
Capacity	224 Ah-20 Hrs
Dimension	260x180x253 mm
Weight	30.5 kg
Alternate model number	LDC6-224-GC2

**Model-AMX6-245**

Voltage	6 V
Capacity	245Ah-20 Hrs
Dimension	243x187.5x275 mm
Weight	32.4 kg
Alternate model number	LDC6-245

**Model-AMX6-350**

Voltage	6 V
Capacity	350 Ah-20 Hrs
Dimension	295x180x368 mm
Weight	48.2 kg
Alternate model number	LDC6-350

# Batteries

## AGM Batteries

**Model-AMX12-100**

Voltage	12 V
Capacity	100 Ah-20 Hrs
Dimension	260x168x214 mm
Weight	25.8 kg
Alternate model number	LDC12-100

**Model-AMX12-120**

Voltage	12 V
Capacity	120 Ah-20 Hrs
Dimension	330x173x220 mm
Weight	32.8 kg
Alternate model number	LDC12-120

**Model-AMX12-145**

Voltage	12 V
Capacity	145 Ah-20 Hrs
Dimension	340x172x286 mm
Weight	42.47 kg
Alternate model number	LDC12-145

**Model-AMX12-220**

Voltage	12 V
Capacity	220 Ah-20 Hrs
Dimension	387x180x368 mm
Weight	59.74 kg
Alternate model number	LDC12-220

**Model-AMX8-165-GC8**

Voltage	8 V
Capacity	165 Ah-20 Hrs
Dimension	260x180x274 mm
Weight	29.27 kg
Alternate model number	LDC8-165-GC8

# Rental Programme

## Rent Air Coolers and Cleaning Equipment across UAE

### Are you seeking reliable cleaning equipment and Air coolers rentals in the UAE?

Auramax Fzc provides a flexible rental programme for all industrial and commercial cooling and cleaning needs. Our leasing options give cleaning contractors and companies access to advanced equipment without a high upfront cost, helping to maintain cash flow and effective solutions for each project. With Auramax fzc, contractors can adjust their equipment needs based on project requirements, avoiding large expenses for short-term jobs.

### Additional Rental Services and Support

Beyond flexible rental terms, Auramax also offers a commercial machine maintenance service, keeping your rental cleaning equipment in optimal condition with minimal additional costs. This ensures uninterrupted performance, maximizing efficiency for cleaning contractors and operation companies.

Auramax fzc makes renting cleaning equipment and air coolers all over the UAE reliable, cost-effective, and structured to your needs. Connect with us today to explore our rental and maintenance packages and let us support your next project with industry-leading cleaning equipment and air coolers.
