

INDUSTRIAL AIRCOOLER AURA-18KWI

CHARACTERISITICS

Water Tank capacity	60L
Air Flow	18000 CMH
Frequency	50Hz/60Hz
Input Power	750w
Overall Size	1120*720*1500 mm
Voltage	100-127v/220-240v
Speed	Three Speed, 1 Phase
Noise	<68DB
Blower Type	Axial Flow Type
Motor	100% Copper
Application Area	100-150 m2
Air-Out-Way	Blow-Side

FEATURES

- Tank capacity: 60 L
- Digital Controller
- Manufactured from high strength PP material for durability.
- Features high performance, large cooling pads.
- Equipped with 100 % copper winding motors for reliability.
- Highly efficient operation with minimal noise.
- Easy installation & maintenance.
- Advance design maximizes airflow coverage.
- Sleek and appealing design enhance any environment.
